

WE HAVE A WINNER!

The Builders Association of Eastern Connecticut was pleased to offer a \$10,000 kitchen makeover as the grand prize at its 11th annual Better Homes and Living Show at the Mohegan Sun this past January. Sponsored by "The Kitchen Guy" of Uncasville, the kitchen was installed in Groton and features Kraftmaid cabinets and granite countertops by Ferazzoli Imports in Middletown, CT.

Kraftmaid cabinets are manufactured in the United States by quality craftsmen and carry a limited lifetime warranty. Kraftmaid has it all..... oak, maple, cherry, hickory, birch, thermofoil, self closing-full extension drawers and soft close doors..... as well as a variety of styles, colors and accessories.

Ferazzoli (dba Galleria Stone) is a leading importer, distributor and fabricator of a full line of the very best quality ceramic, glass, mosaics, porcelain and natural stone tiles and slabs. They are a member of the Marble and Granite Institute and their manufacturing plant is regarded as world class.

John MacPherson, owner of The Kitchen Guy, is a certified green professional with over 20 years of experience in construction and over 15 years of experience in kitchen and bath remodeling. John carefully removed the existing cabinetry to donate to a Southeastern Council on Alcoholism and Drug Dependence renovation project. An active member of the community, John's team also installed the cabinets for the 2008 "Extreme Home Makeover" house in Voluntown, CT
