Suppliers of Hydraulic & Pneumatic Equipment

Hydraulic Power Units :	Advance Motion Control
Hydraulic Pumps & Motors :	Hartmann, Duplomatic, Prince, Honor
Hydraulic Valves :	Atos, Duplomatic, Northman
Hydraulic Filters & Accessories :	Stauff, UHI, Magnaloy, Daman
Hydraulic Reservoirs :	Hydro-Craft, LDI Vescor, Trilex
Hydraulic Cylinders :	Georgia Hydraulic, Rexroth, Prince
Cartridge Valves :	HydraForce, Sun
Accumulators :	Tobul, Stauff, Vessac
Manifolds and Subplates :	Daman, Hydra-Power Systems
Heat Exchangers :	American Industrial, Thermal Transfer
Electric Motors :	World Wide Electric, Baldor, Lesson
Oils & Greases :	Texaco, Chevron, Shell

Service and Repair of Hydraulic & Pneumatic Equipment

Pneumatic Valves :	Metal Work & Bosch Rexroth
Pneumatic Cylinders :	Metal Work & Bosch Rexroth
Filters/Regulators/Accessories :	Metal Work & Bosch Rexroth

Devine Hydraulics, Inc., has been in the business of repairing and remanufacturing hydraulic and pneumatic equipment since 1983. Our services also include preventive maintenance and 24 hour breakdown assistance for industrial and federal establishments in New England.

Our mobile workshops have welding, tube bending and hose making equipment for on site inspections, routine maintenance, breakdowns, machine installations and preventive maintenance.

At our Connecticut facility, we repair and overhaul hydraulic cylinders, pumps, motors, valves and accumulators.

Our in house machining capabilities include cylinder honing up to 22" diameter and 54 feet long, new cylinder manufacture up to 12" diameter and 35 feet long, milling, grinding and lapping.

Our welding facilities include MIG, TIG, arc, gas and braze. Materials include carbon steel, cast iron, aluminum, stainless steel and non ferrous metals.

We have field engineers available for troubleshooting on site and for power unit advice and quotation.
