A Note From Our Honorary Starter

Gentlemen,

It is my distinct honor & privilege to welcome all of the talented competitors to the 2018 Endicott College Invitational. It's not surprising this year's field includes some of the most skilled artists in the game of golf in greater New England and beyond. The Golf Course Superintendents may try to speed up the greens or create some defense mechanisms...but they can't hide the pins from these expert marksmen. Not to mention Endicott's proficient professionals have the tremendous ability to stay hydrated properly throughout the weekend while staying focused with their respective eyes on the prize! Once again, it's my pleasure to thank you for being a part of something glorious & memorable for the ages!

My Best Always,

Steve Nesbitt
