  - (ii) installation of a pitched roof on a home originally with a flat or curved roof (because the added weight may not be safely held and transported by the frame and the original axles and wheels),
  - (iii) installation of wood siding (because of excess weight and loss of mobility) and it does not comply with park standards), and
  - (iv) installation of sliding glass doors or removal of part of the exterior of the home to provide a larger access (because the required structural modifications may destroy a homes ability to withstand snow loading or to be safely moved).
  - (v) Installation of skylights, new wiring, new windows, painting, plumbing, better insulation, is all acceptable.
  - (vi) If the original siding has deteriorated, it must be removed and replaced with the original type of siding, and not covered. (This is to avoid the addition of extra weight, and the possible covering over of what may be active or latent structural deterioration.)
- (b) Storage Sheds:
  - (i) Prefabricated wood sheds, wood sheds that come in a kit, and wood sheds that are built per professionally prepared plans are all acceptable provided that they are assembled properly, anchored if larger than 60 square feet, painted the same color as the home or stained a natural wood color, and have a pitched shingled roof that matches the shingled roof color on the home.
  - (ii) The location of the shed must not block the view of the home from any part of the road, and if possible, the shed should be such that it cannot be seen from the road.
  - (iii) The shed must be on the same site as the home.
  - (iv) Sheds cannot exceed 125 square feet.
  - (v) The average height of the shed roof above the ground must be 1 foot or less than the average height above ground of the roof of the home.

  - (viii) Water lines are not permitted to a shed.
  - (ix) Electric lines are permitted if underground and per code.
- (c) Porches and Attached Structures: Porches, covered porches, and screened in porches are permitted provided that

  - (ii) the structure is not heated, not insulated, has no running water, and is not intended for year round living, year round sleeping, or year round eating;

- (iii) the floor is either concrete or pressure treated wood, or the floor is a previously constructed uncovered porch floor in excellent condition where the intent is to cover the existing porch, or the covered porch is a prefabricated assembly;
  - (iv) the porch must not depend on the home for its structural integrity including the weight of snow that may accumulate on the porch roof;
  - (v) the home must be movable with or without the porch;
  - (vi) no part of the porch can be closer than 8 feet from the site boundary;
  - (vii) the porch must not cover sewage, water, telephone, or other utility lines that may need future access for maintenance and repair;
  - (viii) the porch must not block or interfere with the emergency exit;
  - (ix) the porch roof must be shingled or a prefabricated metal roof (roll roofing, rubber roofing, corrugated aluminum or steel roofing and corrugated fiberglass roofing are not permitted);
  - (x) the total length of the addition must be at least 10% less than the length of the home;
  - (xi) the width of the porch must not exceed the width of the home;
  - (xii) the exterior color must be the same color as the color of the home, a natural wood stain color, or white if a prefabricated assembly;
  - (xiii) the roof color must be the same as the roof color of the home. Simple plans must be presented to the Licensee for review and for filing along with the other records for your site.
- (d) Carports: Enclosed garages are not permitted. Carports are permitted provided they comply with the applicable provisions of (c) above. Simple plans must be provided to the Licensee for review and for filing along with the other records for your site.
- (e) Miscellaneous: Flapping and/or noisy awnings, wind chimes, both fixed and portable TV satellite dish antennas in excess of 18" in diameter, towers, swimming pools, tents, swing-sets, tag sales and auctions are not permitted.

In the event that there is a difference of opinion, a licensed and insured tree surgeon of the residents choice can make the determination of "dead or seriously sick" and which may reasonably be expected to cause "significant damage" to a home should the (dead) tree or branch fall.
- (b) The Licensee, or his Agent, will remove the larger heavy branches and fallen trees from each site upon request.

- (d) The Licensee is not responsible for any damage caused by "acts of god", such as trees or branches falling on cars or homes. Because of liability and the risk of additional damage created by removal efforts, the Licensee will not normally remove a tree after it has fallen on a home, car, or storage shed. (Homeowner policies normally cover these situations). The Licensee will, however, make arrangements for a tree that has caused damage to be removed after it is down or to the side of the roadway. In addition, the Licensee, or his Agent, will trim or remove any tree or tree branch that is sick or has been made sick or dangerous by a major storm, and because of the sickness or damage the tree or large branch is now likely to fall and cause damage to a home, car, or storage shed. - (c) The Licensee, or his agent, upon request, will perform minor inside plumbing repairs such as the repair of dripping faucets and running toilets, at no charge. Major repairs, repairs that require the replacement of a toilet, or the replacement of a faucet assembly, are not provided by the Licensee.

(Caution: Deteriorated and improperly installed heat tape is the leading cause of home fires.)

- (c) Each resident agrees to not use running water as a means to prevent frozen pipes. (The use of running water in lieu of proper heat tape or heat wire or antifreeze water line protection is a major violation of these Rules and Regulations and R & R Mobile Home Park Lease.)

(b) have the Purchaser meet with the R & R Mobile Home Park Licensee (or his agent) to complete the R & R Mobile Home Park prospective resident application form.

### II. Application Processing for Prospective Resident

**Licensee Step 1.** (a) Meet with the prospective resident, (b) Accept a completed R & R Mobile Home Park Resident Application form, (c) Accept the current application processing fee from the prospective resident, (d) Initiate the processing of the application, and (e) Remind the applicant that the application processing fee will be refunded in the form of reduced site rent for the first month of residency.

[NOTE II-A: Resident application processing takes 2 to 4 working days.]

**Licensee Step 2.** Within 10 days of receipt of the application, notify both the prospective resident and the Seller (or the Agent of the Seller) that either:

(a) the prospective resident appears to satisfy the R & R Mobile Home Park Entry Requirements and will be accepted as a resident (subject only to the home being safe, sanitary, and complying with park standards), or

(b) there is adverse information contained in the report(s) on the prospective resident, and that because of the adverse information the applicant will not be accepted as a resident.

The Licensee will then notify the Seller (or the Seller's agent as appropriate) that the adverse information indicates that the applicant: (i) intends to utilize the home for an illegal purpose, and/or (ii) intends to use the home for a purpose that would disturb the quiet enjoyment of the other residents, and/or (iii) will be financially unable to pay the rent for the homesite, and/or (iv) will not comply with the R & R Mobile Home Park Rules and Regulations based on prior tenancies, and/or (v) will have more residents/guests/relatives in the home than the number of bedspaces in the home, and/or (vi) will have as a resident someone who is not a relative of the purchaser, and/or (vii) is already a resident at R & R Mobile Home Park.

**Resident (or Agent) Step 5.** Return to Resident (or Agent) Step 1 if the prospective resident is not accepted. Otherwise, continue to Resident (or Agent) Step 6.

### III. Determining that the home is Safe, Sanitary, and Complies with the Standards

**Resident (or Agent) Step 6:** If the prospective resident is accepted, have the prospective resident order a home inspection by a licensed home inspection service company of the prospective resident's choice. The inspection shall be ordered and paid for by the prospective purchaser. The Licensee, or his agent, shall be made aware of the day and time of the inspection, and shall have the option to observe the inspection. A copy of the report will be provided to the Resident/Home Seller, and to the Licensee (or his agent).

[NOTE III-A: If the home satisfies the park standards, and the applicant does become a resident, the Licensee will reimburse the purchaser/prospective resident both the application fee and the home inspection fee in the form of reduced site rent.]

All items in the inspection report must be either "Excellent" or "Good" or "Acceptable". The home will not satisfy "Standards" if any item in the inspection report is identified as "poor", "bad", "in need of maintenance", "dangerous", "not acceptable", "should be repaired", "missing", or "unacceptable".

**Resident (or Agent) Step 7:** Make necessary repairs, if any. Collect evidence (receipts, photos, etc.) showing that the necessary repairs have been properly completed.

**Resident (or Agent) Step 8:** When the home owner is ready for a decision by the Licensee regarding the condition of the home, provide the Licensee (or his agent) a copy of the inspection report, and the evidence for repairs performed, along with a written request for the "Statement of the Licensees Intentions Regarding the Conditions of the Dwelling".

[NOTE III-B: IMPORTANT — ALL repairs necessary for the home to satisfy "standards" and demonstrate that the home is safe, sanitary, and habitable must be completed before (a) the home buyer will be accepted as a R & R Mobile Home Park resident; and before (b) the home buyer will be offered a site lease. If a home is sold on-site without first satisfying the "standards," the Licensee cannot accept the new owner of the home as a resident, and the home becomes subject to removal because it is unlawfully on private land.]

**Licensee Step 3.** Within 10 days after receipt of the request for the "Statement of the Licensees Intentions Regarding the Conditions of the Dwelling", the R & R Mobile Home Park Licensee will either:

- (a) Approve (in writing) the home's conditions for the (on-site) resale of the home, or

If items in the inspection report are not "Excellent" or "Good", or "Acceptable", and the recommended repairs were not completed, then the Licensee (or his agent) will not approve the home for an on-site resale by:

- (b) Specifying ways in which the home is (i) not safe, (ii) not sanitary, (iii) not in conformance with the R & R Mobile Home Park Standards, and/or (iv) how the condition of the home does not meet the Standards for homes in R & R Mobile Home Park.

If the home is not approved, return to Resident (or Agent) Step 7. If the home is approved, establish a date and time with the Licensee to meet with the purchaser of your home, just prior to transfer of title (closing) on the home, to sign the necessary R & R Mobile Home Park residency and new site lease papers.

[NOTE III-C: The purchaser must be a resident (holding a valid site land lease) at R & R Mobile Home Park prior to taking title of the home so that he will have a legal right for both himself and his home to be on privately owned R & R Mobile Home Park property at the time of the closing.]

**Licensee Step 4.** At the meeting with the prospective resident, the Licensee will:

- (a) have the prospective resident review and sign a copy of the R & R Mobile Home Park site rental rate history for the preceding three years,
- (b) have the prospective resident sign the latest version of the R & R Mobile Home Park Rules and Regulations, Entry Requirements, and Standards,
- (c) enter into a new R & R Mobile Home Park Standard Lease for the homesite,
- (d) have the prospective resident sign a copy of the current R & R Mobile Home Park Fee Schedule (if any),
- (e) discuss questions regarding the guest, visitor, relative, parking, refuse, subletting, sale, and other provisions of the R & R Mobile Home Park Rules and Regulations, Entry Requirements, and Standards, and
- (f) collect the first month's rent for the R & R Mobile Home Park rental homesite (less the application and home inspection fees).

**Resident Step 9:** At the closing of title of your home, in addition to all other legal documents and procedures regarding the home, and the new site lease, the seller shall provide a "Warranty that the Home is Free and Clear of all Liens" to the purchaser.

[NOTE III-D: If the R & R Mobile Home Park Licensee (or his agent) procures the purchaser, the Licensee (or his agent) will, upon request, conduct the closing. There is no charge for this service.]

[NOTE III-E: Any back due land rent, late fees, taxes, other charges, and bad check fees constitute a lien on the home.]

The new site lease holder (new R & R Mobile Home Park resident) is now the new owner of the home and entitled to all of the privileges of residency at R & R Mobile Home Park. Approximately 60 days prior to lease expiration the Licensee will offer to the resident a lease renewal for the continued use of the home site.

## **Addendum C - SECTION 21-79 CONNECTICUT GENERAL STATUTES**

- (a) No owner or operator of a mobile manufactured home park shall require a resident who owns a mobile manufactured home, which is safe, sanitary and in conformance with aesthetic standards, to remove the home from the development at the time such mobile manufactured home is sold or a mortgage on such a home is foreclosed provided that the purchaser or foreclosing mortgagee shall assume and be bound by the rental agreement of the foreclosed mortgagor and shall be bound by the rules and regulations of the park.
- (b) A mobile manufactured home shall be presumed to be safe and sanitary if it is established that the mobile manufactured home was constructed in accordance with any nationally recognized building or construction code or standard. Failure to meet any such standard or the provisions of any such code shall not automatically raise a presumption that the mobile manufactured home is unsafe or unsanitary. Such failure shall not be used as a reason for withholding approval of an on-site sale unless such failure renders the mobile manufactured home unsafe or unsanitary.
- (c) The owner of a mobile manufactured home park shall bear the burden of showing that a mobile manufactured home is unsafe, unsanitary, or fails to meet the aesthetic standards of the development. No aesthetic standard concerning those physical characteristics such as size, original color or original building materials, which cannot be changed without undue financial hardship to the resident, shall be applied against a mobile home.
- (d) Any purchaser of a mobile manufactured home sold by a resident may become a resident of the mobile manufactured home park provided he meets the entry requirements for said park and such requirements are equally applied by the owner to all purchasers and prospective residents and the owner approves such entry. Such approval may not be withheld except for good cause. For the purposes of this section good cause means a reasonable cause for the owner to believe (1) that such purchaser intends to utilize the purchased mobile manufactured home for an illegal or immoral purpose or for any purpose that would disturb the quiet enjoyment of the other residents of the park or (2) that the purchaser is or will be financially unable to pay the rent for the space or lot upon which the purchased mobile manufactured home is located. If the owner denies approval to a purchaser, he shall, in writing, state any reason for such disapproval. Such statement shall be delivered to the resident and the purchaser or prospective resident within ten days after the owner receives the completed application of the purchaser or prospective resident. Failure to deliver such notification within ten days shall be deemed to be approval.
- (e) Any resident wishing to sell his or her home shall request a written statement of the owner's intentions regarding the condition of the home. Within twenty days after receipt of such a request, the owner shall approve the home's condition for resale or deliver a written statement to the resident specifying the reasons why the home is not safe, sanitary, or in conformance with aesthetic standards. Failure of the owner to respond within twenty days shall be deemed to be an approval of the home's condition for resale. If the resident disputes the owner response, he may seek a declaratory ruling from the department of consumer protection. The resident may attempt to correct defects identified by the owner and may again request the owner's approval of the home's condition for resale. If the resident again disputes the owner's response, he may once again seek a declaratory ruling from the department. An owner's statement of approval shall remain in force for not more than six months. No owner shall exact a commission or fee with respect to the price realized by the seller, unless he has acted as agent for the seller in a sale pursuant to a written contract, or charge a rent for the mobile manufactured home space or lot upon which the purchased mobile manufactured home is located greater than the prevailing rent for any other space or lot located in the park.
- (f.) Your Rights Regarding Changes in the Park Rules.
- (a) The Park Owner may make a change to the park rules only if:
- (1) the purpose of the rule is to:
    - (A) promote the convenience, safety or welfare of park residents;
    - (B) prevent abuse of the Park Owner's property; or
    - (C) distribute park services and facilities to park residents in a fair manner;
  - (2) the rule is reasonably related to its purpose;
  - (3) the rule applies to all residents in a fair manner except reasonable exemptions may be made;
  - (4) the rule clearly informs you what you must do or cannot do; and
  - (5) you receive written notice.
    - (A) If a rule change substantially modifies your Rental Agreement, this rule will not apply to you unless you consent in writing to the change or sign a new Rental Agreement which contains the rule change.

The Rental Agreement that you sign cannot take away any of the rights or protections given to you by the mobile manufactured home laws.

(2) An owner may not maintain a summary process action under subparagraph (B), (C) or (D) of subdivision (1) of this subsection prior to delivering a written notice to the resident specifying the acts or omissions constituting the action or inaction complained of and allowing the resident twenty-one days in which to remedy such complaint

(3) Notwithstanding the provisions of section 47a-23, termination of any tenancy in a mobile manufactured home park shall be effective only if made in the following manner:

(4) Except as otherwise specified, proceedings under this section shall be as prescribed by chapter 832.

(5) Nothing in this subsection shall prohibit an owner from increasing the rent at the termination of the rental agreement of (A) the owner delivers a written notice of the proposed rent increase to the resident at least thirty days before the start of a new rental agreement; (B) the proposed rent is consistent with rents for comparable lots in the same park; and (C) the rent is not increased in order to defeat the purpose of this subsection. c) Notwithstanding the provisions of sections 47a-3.5 and 47a-36, if judgment is entered in a summary process action against a mobile manufactured home owner and resident based upon subparagraph (D) of subdivision (1) of subsection (b) of this section, execution shall not issue until six months from the date of such judgment. The court shall condition such stay of execution upon a requirement that the mobile manufactured home owner and resident make payments to the plaintiff in the summary process action in such installment as the court may direct for the use and occupancy of the premises during the period of such stay at the rate for which such mobile manufactured home owner and resident was most recently liable as rent or in such greater sum as is reasonable in such installments as the court may direct.
