

## FREE RADON KITS

The Uncas Health District has a limited number of FREE radon test kits available to Bozrah, Griswold, Lisbon, Montville, Norwich, Sprague and Voluntown residents only.

The heating season is the best time to test for radon because homes are sealed up, and radon levels tend to build up indoors. The Uncas Health District, the State Department of Public Health, the U. S. Environmental Protection Agency and the American Lung Association of Connecticut are partnering to promote radon testing and mitigation.

Please call **(860) 823-1189 ext. 111** or email **ofcmgr@uncashd.org** to obtain your free test kit **based on availability**.
