

ACCUFAST[®]

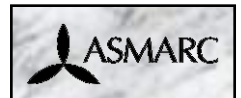

The ACCUFAST XL/R

**Post-it[®]-note
capable!**

The ACCUFAST XL is recognized as the standard to which all table top labelers are compared. Now, the XL has another roll – literally. By adding a powered roll label head to the XL, ACCUFAST has created a labeler designed to handle the demands of accurate and consistent placement of stamps, RPN's, inventory, bar code and specialty labels that come on rolls.

**The ACCUFAST XL Labeler
With Roll Head attached**

ACCUFAST XL/R

- labels up to 15,000 pieces per hour
- labels pieces 5" to 16" wide, from 20 lb. thin to 1/4" thick, coated and uncoated
- runs machine-grade labels 1" to 3" wide rolls up to 10" dia. with 3" core. Rolls only.
- no need to re-thread labels, splicing takes seconds
- labels are applied in plain sight
- job set-ups are programmed and saved with up-to-the-minute digital electronics
- built-in diagnostics
- built-in waste take-up spool and counter
- English and Metric units
- weighs 69 pounds, measures 20"l x 16"h x 21"w
- uses 115 volts 2 amps 60 hz or 230 volts 1 amp 50 hz
- goes in-line with ACCUFAST and other tabletop Conveyors, Printers and Dryers
- optional catch tray or conveyor
- sliding head for simple and exact label positioning
- Liquid Crystal Display (LCD) status panel lets you know when there's a jam, a full take-up spool, the exact label position and everything else
- easy all-over access means quick maintenance
- its outstanding feature is its one-touch "on the fly" adjustment for almost everything

The XL/R labeling head is available in kit form to back fit existing ACCUFAST XL labelers. To obtain professional application of stamps or other roll labels including Post it® Notes, add the XL/R head to your XL.
