Choice of optional internal hard drive

Standalone – no PC required

USB 2.0 & Firewire connection
(Optional)

Auto format recognition

Disc Counter Feature

Easy-to-use

The Lightning PowerTower series of professional duplicators offer fast, efficient duplication of CDs and DVDs at a cost effective price. Available with 1 through 15 target drives, Lightning PowerTower copiers are ideal for small and large runs alike – perfect for both office based disc production right through to full scale, professional publishing environments.

Lightning PowerTower duplicators are extremely user-friendly and with virtually no training at all, anyone can be copying discs in no time. The intuitive LCD display allows access to all features with the use of four simple buttons.

Fitted with the latest DVD±R drives, up to 15 CDs discs can be copied simultaneously in less than three minutes and 15 DVDs in less than eight minutes.

A choice of optional internal hard disk drive is available providing ample storage for CD or DVD master images. A USB 2.0 connection provides you with the option to link to your PC and make one of the CD/DVD-RW drives inside your duplicator tower an external optical drive.

Rigorously tested for performance and reliability, Lightning PowerTowers are manufactured to strict quality control standards with an aluminium case and built-in power supplies, delivering enhanced duplication at every level and at all times.
