Meteor USB

VERITY SYSTEMS

Duplicate to multiple USB drives simultaneously

Supports synchronous and asynchronous copy modes

Available with 3, 7, 20, 34, 48, 55 and 118 target USB drives

High-speed copy – up to 33MB/sec*

Standalone – no PC required

Simple operation

The Meteor[USB] professional duplicator offers fast, efficient and convenient copies of your important data from erasable USB storage at a cost effective price. Available 3, 7, 20, 34, 48, 55 and 118 target drives, Meteor[USB] copiers are perfect for data-sensitive disc production with no PC intervention for minimum security risks.

With no PC or hard drive required the Meteor[USB] offers a secure and reliable duplication service. A compact and stylish design coupled with a bit-by-bit compare function to confirm successful copies, makes the Meteor[USB] a reliable, affordable and convenient USB storage duplicator.

Advanced asynchronous duplication means no waiting and no interruption as each channel can independently load, unload and copy.

Rigorously tested for performance and reliability, Meteor[USB] duplicators are manufactured to strict quality control standards, delivering enhanced duplication at every level.

Function:	USB Storage Duplication System
Supported Source Formats:	Flash USB Drives
Media Handling:	Flash USB Drives
Targets:	Available with 3, 7, 20, 34, 48, 55or 118 target USB drives
Maximum Transfer Speeds:	Up to 33MB/sec* (*varies with speed of USB drives)
Buffer Memory	128MB
LCD Display:	2x 16 Backlit
Copy Mode:	Synchronous or Asynchronous* *data file must be smaller than the buffer memory (128Mb)
Voltage:	115V or 230V
Operating Temperature:	41°F ~ 122°F
Operating Humidity:	15% ~ 90%
Regulations:	FCC, CE, UL, RoHS
Operation:	No PC Required

Warranty

12 months back to base, all parts and labor included.
2nd year excludes drives and carriage.
Extended warranties also available.
