NEXCOPY

USB200PC

USB Duplicator
PC Based System

Nexcopy is proud to introduce the retro-styled USB Duplicator, the USB200PC. With advanced copy features, small foot print and simple operation, the USB200PC is an economical solution for data loading and data distribution via USB flash drives.

Easy as a photocopier. With advanced software features and friendly user interface, copy 20 blank USB flash drives, simply and automatically. No "copy-n-paste." No single drive loading. No hassles. The USB200PC is a PC Based system, capable of copying at your flash drives' maximum transfer speeds.
