

The Hole Truth

October 2011

President's Message, Lou Camerota

The weather continues to cooperate, the course has healed well from the recent aeration, and quite a bit of golf was played during the month of September. If the weather holds, October should be more of the same plus the dividend of whatever Fall color the trees might chose to reveal. Let's hope that Irene left enough leaves for us to enjoy the seasonal beauty on our golf course. This past weekend (Oct. 2), we ran a very successful member-member tournament with a field of 60. Among the flight winners were the father and son team of Bruce and Dan Patterson. Congratulations to them and the rest of the winners!

As we continue to make NLCC a more social organization, there will be a Halloween party on Friday, October 28th in the banquet room. Look for details on bulletin boards, mark your calendars, and please plan to attend. Rumor has it there will be prizes for best costume and bring an appetite.....word has it there might be some GHOUL - ash!

As you know, the board is working hard to restructure our debt, and return NLCC to financial stability. One of the objectives that we would like to achieve is to lower dues. However, in order to do this, we need to have you return the surveys that were sent out last month. While all the information in the survey is important, knowing the number of returning members will allow us to communicate early to you what the dues structure will be.

Additionally, the number of members who have pledged their support to purchasing the note is very heartening. However, we have not yet heard from all the members, so please complete the survey and return it to the club as soon as possible.

Enjoy Fall golf and thank you for your continued support of New London Country Club.

Lou Camerota, President
Lou Camerota
