No matter what the weather, it's warm in our greenhouse. We bring over trays of little "plugs" of annuals from the farm for you to choose from. We help you select plants that will thrive and live happily together. Choose your favorite colors. Make matching baskets. Plant up a couple to give as gifts. Bring the kids along - these hanging baskets make GREAT Mother's Day gifts!! (Dads, you could make HUGE brownie points if you come in with the kids) We will hang them up in the greenhouse to grow and give them lots of TLC. They will be lush and beautiful just in time for Mother's Day. Each 12" mixed basket is only **\$32.99**. This fee includes the pot, plants, soil, fertilizer, and comfy, warm growing conditions. No pre-registration is necessary, just stop in whenever your creative juices are flowing. We'll make sure that you end up with a hanging basket that will be the envy of the neighborhood.
