Build Your Own Fairy Furniture
Monday April 28th @ 5:30 pm
\$5.00

We will show you how to build your own furniture for your fairy garden. We will be using natural objects, that we have been collecting, as well as some recycled items that we have been saving. Everyone will be able to go home with a stone bench, a table built with a terra cotta pot, and two chairs, made with a surprising recycled item. No crafting expertise needed. These projects are super simple and we will make sure that you have

Build Your Own Fairy Furniture Accessories
Thursday May 2nd @ 5:30
\$5.00

Explore how to create your very own Fairy Gazing Globe, or Stone Fire Pit, along with other Amazing Fairy Garden Accessories. We will be incorporating Natural and Recycled Materials.

Fairy Garden for Children
Friday May 2nd @ 1pm
\$20

Kids can come and plant up their own little fairy garden in a dish (plastic, so it's kid friendly). Plants, moss, stones, and a fairy are included. The best part is that the kids can bring these gardens home immediately. We will be using small house plants, so they should stay indoors for a few more weeks, and then could go out into a shady spot in the garden.

Fairy House
Tuesday April 29th @ 5:30
\$15.00

If you want to be sure that your fairies are happy in your garden, you must provide adequate housing for them. Although fairies have been known to live under leaves and in the crevices of stone walls, they would much prefer to have a warm and cozy little house. We will be offering two versions for you to choose from. We will provide everything you need to complete your house. Moss, bark, twigs, and stones. Each one will be unique (because fairies will NOT live in suburban housing developments). Some fairies prefer the more rustic feel of twigs and bark, while other fairies love sparkle and glitz. Feel free to bring anything that you would like to use to customize your house.

**Fairy Gardens for Adults
(or older children)**
Friday May 2nd @ 5:30
\$35.00

These gardens will be planted in a terra cotta dish. Plants, moss, stones and fairies will be provided. Each garden can be accessorized with your choice of an arbor (which fairies love to lounge underneath) or a table and chair, your choice!
